BISTRO

Dr. Edgar J. Helms, founder of Goodwill Industries, worked passionately to establish the first 70 Goodwill organizations and more than a century later the mission still thrives. We do the greatest good by helping people with a hand-up to develop their God-given gifts through education, work, and career development. Helms College, named after our founder, was established by Goodwill Industries of Middle Georgia and the CSRA offering several educational pathways, including our Culinary Arts program. Guests of Edgar's Bistro and the Andersen Conference Center and our other venues help support our mission by frequenting locations which serve as applied learning venues for our students.

Thank you for your patronage that helps build lives and families — one beverage, one meal, one event and one gift at a time.
